Solved: DATE: SECTION: EXERCISE 7-1 Geologic Time PURPOSE ...

1.6 Geological Time In 1788, after many years of geological study, James Hutton, one of the great pioneers of geology, wrote the following about the age of Earth: The result, therefore, of our present enquiry is, that we find no vestige of a beginning — no prospect of an end. [1] Of course he wasn't exactly correct, there was a beginning and there will be an end to Earth, but what he was ...

1.6 Geological Time - Physical Geology

This exercise begins to make time more "three dimensional" and most importantly, students gain a better appreciation for geologic time and our Earth's history. Instructions To better understand the concept of geologic time, have students produce a time-scale metaphor to share with the class that is true to scale and reflects some of the important events in the history of the Earth (see list on ...
