How to Make a Spaceship - Wikipedia

Container: Your satellite needs some
sort of container to hold all of the gizmos
together and keep its instruments safe.
Power Source: You will need something
to give your satellite electricity so that it
can run all of its high-tech gizmos. Solar
panels or fancy batteries are two
options. Scientific Instruments: This is
the why you launched your satellite in
the first place!

achieve this victory, you're going to need to build a spaceship first.

Civilization V: How to Build a Spaceship

Make two ships and put one inside the other. This will increase the water resistance as well as the overall sturdiness. Color the ship with crayons. The wax will help the paper resist water. Instead of tape, coating the bottom with plastic film wrap will provide a good barrier to the water. If you ...

create more disk space on your hard drive by getting rid of clutter. Use Cloud Storage. If you are using cloud storage to save your photos and files and keeping a copy of them on your hard drive, you are double-storing. You may not wish to keep copies of everything you have on your computer and on the cloud. ...

7 Ways to Create More Disk Space in Windows 10

I built a spaceship for my four-year-old's room. It has a control panel full of interesting displays and whiz-bang space sounds. A joystick controls lights and sounds for the engine and thrusters. The payload bay has a motorized hatch and contains a robot arm for deploying payloads like toy satellites. Headsets provide an audio link between the spacecraft and the Mission Control desk in ...

RELATED: Make System Restore Use Less Drive Space in Windows 7. If System Restore is eating up a lot of hard drive space for restore points, you can reduce the amount of hard disk space allocated to System Restore. The trade-off is you'll have less restore points to restore your system from and less previous copies of files to restore.
