body lure styles that can't be made with it, once you know how. In my classes and eBooks I show folks how to make the following lure styles: - Bibbed/Lipped lures (aka "plugs") including all manner of floating, sinking and suspending crankbaits, lipped jerkbaits, jointed "brokeback" lures, wakebaits and squarebills.

Make Your First Balsa Crankbait

Hello and welcome to TU Cary. In my opinion the best way to get templates is to use photo editing software and make them yourself. With a photo editing program all you need is a picture of a bait you like and your in business. You can crop the background of the picture leaving only the lure.
