The June - August 2007 issues of Ultra VW magazine featured an 11 page write up showing how we fitted a Subaru 2.5 engine was fitted into Keith Seume's T25 camper. As well as advertising our products, the objective of the feature was to show that fitting a Subaru conversion is actually quite simple - not some kind of black art!

### RJES - Quality Subaru Powered VW Components and ...

For some, this is really not a problem. The engine is adequate, and even fun with a little tweaking and the right gearing. For others, however, an engine conversion to a more powerful unit is the only solution. The most popular conversions are to Subaru, VW I-4, Audi 5 cylinder, or TD or TDI diesel engines.

Millers specialise in engine conversions and have been refining their set-up for the T25 1z Tdi conversion. Whereas the 1Y conversion was almost a straight swap, fitting a Tdi is a more complex install because of the additional wiring and fabrication work. The trade-off is increased complexity versus increased efficiency and performance.
